Overview

Engines Overhauled - Interior Refit

The Ferretti 680 is a 69-foot luxury motor yacht with a flybridge that was produced by the iconic Italian yacht-building brand Ferretti between the years of 1999 and 2006. Crafted in partnership with naval stylists Studio Zuccon, the 680 bears a distinctive sharp profile with a flared flybridge, cresting wave side windows, a fine bow, and an aerodynamic roll-bar to guarantee that this vessel stands out from the crowd even to this day.

The boat benefits from continuous maintenance with a complete refit in 2022 and is presented in a turn-key condition.
